ENDLESS TRACTION FOR A MEAN CLEAN.

The Hayward TracVac® is an in-ground, suction cleaner designed for maximum clean with minimal effort. The use of tracks provides improved operational efficiencies which allow the TracVac to overcome obstacles better than standard wheeled options. Don't be fooled, this cleaner is small but mighty. Its modest size allows the TracVac to navigate any pool surface with speed and agility and light-weight construction makes it easy to handle.

- » **Rugged tracks** deliver unstoppable coverage from floor to wall.
- » **Superior mobility** helps it maneuver over drains and reach tough corners with ease.
- » **Powerful performance** eliminates debris and fine particles in less time.
- » **Tough, yet reliable** with a long-lasting drive-train built for minimal maintenance.
